What to Bring

Bring two changes of clothes, plus something to sleep in. If you sleep naked you will be made fun of and talked about for a lifetime! *You must bring a fitted & flat sheet for a twin bed, blanket or sleeping bag, pillow in a case!* Don't forget your personal hygiene items (you don't have to shave, but deodorant would be nice), toiletries and needed medication. Toilet paper and trash can liners are provided but everything else you need to bring! If in doubt please ask and an answer will be given to you!

REAL MEN! Don't miss this supernatural, life changing weekend away in the North Georgia Mountains, in the presence of God. You will have two days of spiritually strategic insight into God's plan for your life, family and ministry. These two days will be filled with powerful worship, intense study and prayer, small group discussions, and personal development. You will walk away with a clarity of God's vision for your life and a strategy to fulfill it. You will also have the back-up support of other men to pray with you and encourage you in your journey. No matter what you are going through... let God bring an End to Natural Disasters in your life!
